

## The Attic Learning Community

---

Do you believe that learning for the learning's sake is natural for children?

Do you want to help children know and live as their authentic selves?

Do you think that an environment where children have autonomy and agency helps them thrive?

Have you felt that you could be a positive influence in the lives of children?

Are you a lifelong learner?

Do you want to re-imagine what is possible in education?

**If so, we want to talk to you!**

The Attic Learning Community is a unique learning community serving learners from Pre-Kindergarten through 12th grade on a beautiful, privately owned 5 acre wooded campus in Woodinville, Washington. For the last 23 years we have created a learning environment where learners are excited to come to school, intrinsically motivated to learn, and passionate about making positive change in their community and the world. At The Attic, we nurture in all children a sense of self, a passion for learning, community and childhood.

Our core values are: Sense of Self, Passion for Learning, Community and Childhood. We prioritize long-term goals for our children in everything we do, educating with the whole child in mind. This means gifting each learner with trust, acceptance, time, autonomy, choice, and authentic opportunities to learn.

We are looking for a Director of Admissions and Advancement who aligns with our core values and can honestly say yes to questions above. The Attic is a non-traditional learning environment. Our classes are 3 days a week with an optional 4th day. We believe that learning happens everywhere and not bound by the four walls of a classroom, 5 days a week. The effectiveness of our approach has been demonstrated by the pandemic and how it changed the idea of education and what that can look like.

Flexibility isn't just for our learners; all our administrative staff positions are 75% FTE giving you more time to pursue your life long learning quest. All administrative positions are eligible for medical, dental, vision and life insurance as well as a retirement plan with company match. This position is Monday - Thursday from 8:30am to 4:30pm on campus during the academic year, with some events and meetings occurring in the evenings, Fridays, and weekends. Summers are flexible depending on the needs of prospective families. Salary ranges from \$68,000 to \$80,000 depending on experience.

If you think The Attic is the place for you, please take the first step by filling out our [application](#). This position is open now and you can find a link to the job description in the application. We will begin conducting interviews the week of January 23rd, 2023.
